For  
**Our  
Future!**

## TO ALL WASATCH COUNTY RESIDENTS

On November 6th I am running for Commissioner A against Pete Coleman. I like Pete Coleman. Pete is a good man. I truly appreciate the many years of service Pete has given to Wasatch County. Sure, he's human and has probably made some mistakes and maybe he has even made some enemies over the years but Pete has always done his best.

So why am I running against Pete for the office of Commissioner A in Wasatch County? I filed to run for the office after Pete had announced that he would not run. I wanted to replace Pete, not run against him. However, after I filed, Pete changed his mind and filed for the same Commissioner A position that I had already chosen. I seriously considered withdrawing from the race but after careful consideration, I decided that I should stick it out. Here's why:

The next TEN years will be the most important ten years in the history of our County. We need Commissioners who will protect the best interests of our county in projects like Jordanelle, Brighton Ski Resort, Mayflower, Provo Canyon, the 1998 Olympics, our Hospital, the CUP, water rights and Tele-mark Park among other things. Pete almost didn't run this time so we can guess that he won't run in the next two elections. Our county will be better off if we have experienced Commissioners to solve the problems of the 90's. It would be a shame to have to replace Pete in 1994 when critical events in the county are at an all time high. In the long run, we will be better off to replace Pete now.

I am involved now by choice, serving currently on the Heber Planning Commission, Chamber Board of Directors, the Health Advocacy Council and the Winter Games Committee Speakers Bureau and as Immediate Past President of the Rotary Club.

I stand for equal representation for all county residents, **NO TAX INCREASES**, reasonable growth without sacrificing the beauty of our Valley.

When it comes right down to it, I want to replace Pete because its the best thing for the **FUTURE** of Wasatch County. I like Pete but I love Wasatch County. Please vote for the future of our County and elect me, Chuck Maynard, on November 6th.

Sincerely,

Charles L. Maynard
